

## Hold a WOW Event!

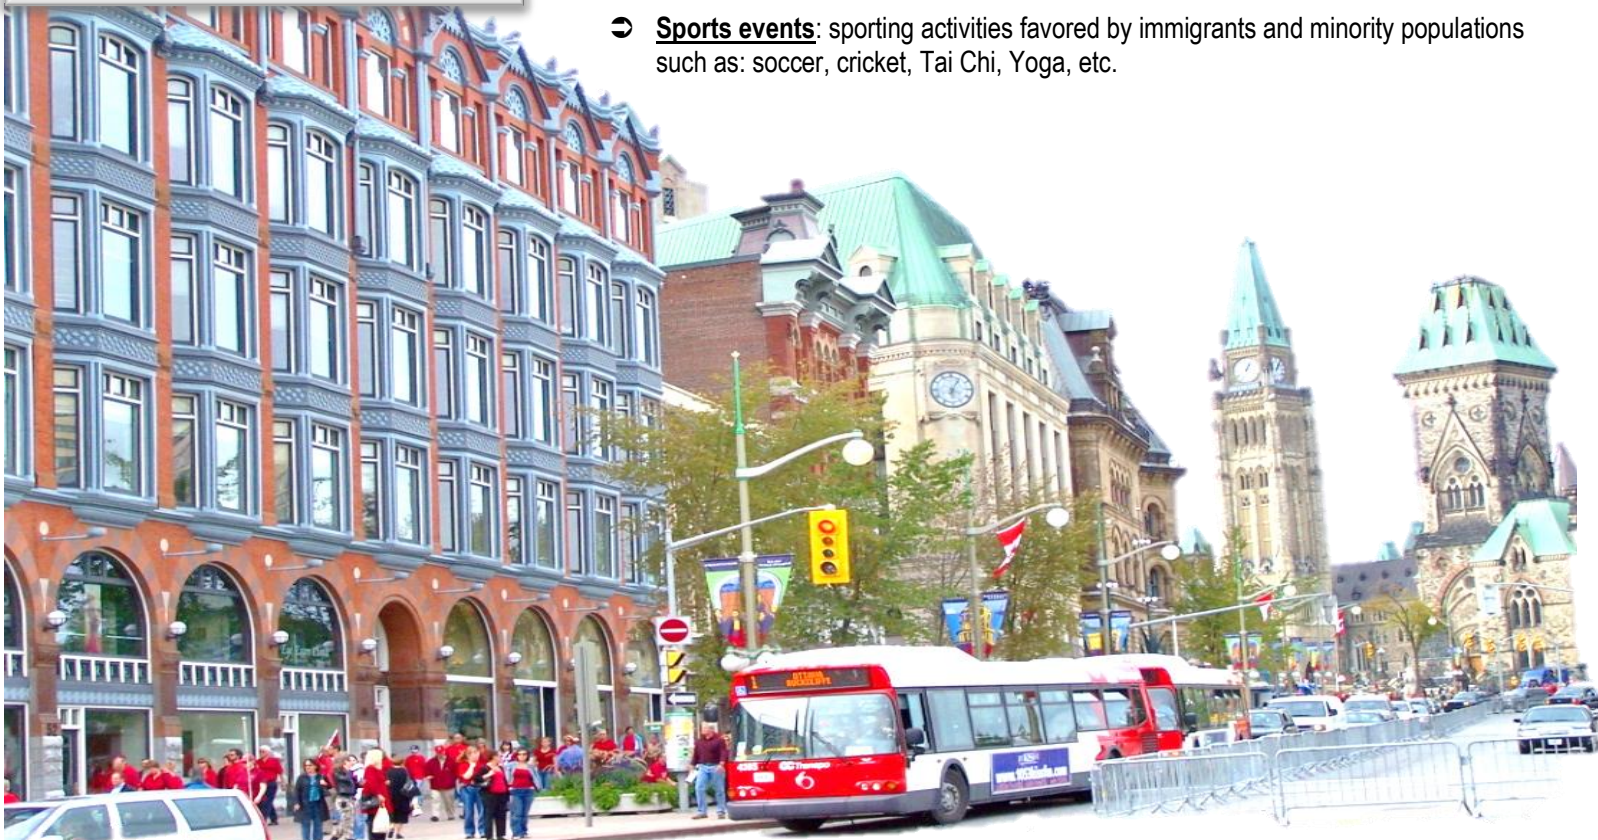

Aligning your event with WOW will:

- Give your event a boost by the BUZZ created by WOW engagement.
- Contribute to Ottawa's collective effort to make our City the most welcoming city in Canada.
- Connect to Ottawa's growing network of organizations committed to the successful settlement and integration of immigrants.

The Ottawa Local Immigration Partnership (OLIP) cordially invites you to contribute an event to the 2015 Welcoming Ottawa Week (WOW).

WOW is a week-long of events, activities, and celebration for Ottawa residents, old and new, and we want your organization to be part of the excitement. Plan an event that showcases your involvement with immigrants, celebrates what immigrants contribute to our community or creates new bonds between neighbours. WOW event categories include:

- **Educational events:** seminars, film /documentary screenings or book launch addressing integration of immigrants in community life.
- **Engagement events:** public forums, dialogues, celebrations or discussion events to promote successful integration of immigrants and refugees.
- **Arts & entertainment events:** arts/photo exhibits, dance/fashion shows or poetry/music sessions showcasing artistic and intellectual contribution of immigrants or reflecting on the human experience of migration.
- **Formal events:** local leaders and dignitaries discussing relevant topics to the Ottawa community related to the attraction, settlement and integration of immigrants.
- **Sports events:** sporting activities favored by immigrants and minority populations such as: soccer, cricket, Tai Chi, Yoga, etc.
